KOREAN ACTIVITIES IN THE
UNITED STATES
INTERNAL SECURITY - SOUTH KOREA

(U) On September 23, 1975, WF T-1, who is in a position to know and who has furnished reliable information in the past, advised that the Korean Congress for Democracy and Unification (KCDU) with newly acquired office space at 1612 K Street, N. W., Room 506, Washington, D. C. (WDC), continues to be one of the most active anti-PARK Chung Hee, President of the Republic of South Korea, organizations in both the United States and Canada. Source noted that in Korea the KCDU would be referred to as the "Min Tong" or "Han Min Tong".

(U) According to this source, the KCDU continues in its long established policy of being an organization primarily concerned with the restoration of democracy in South Korea. When this primary goal is achieved, the organization will then address itself to the issue of reunification with North Korea. It is a stated policy of the KCDU that reunification is to be considered only under democratic principles and under no conditions would reunification be considered if that reunification meant communist control or domination by the communist government of present day North Korea.

(U) While this has been and continues to be the stated policy of the KCDU, the organization is constantly concerned that a strictly nationalistic trend may develop which would work for reunification under any circumstances, including possible domination by the North Korean Government. This, naturally, is the theme of reunification currently being advocated by the government of North Korea. According to this source, there is no such trend currently developing within the KCDU. (C)

(U) On August 22, 1975, WF T-2, who has furnished reliable information in the past, advised that during the weekend of August 16-17, 1975, the KCDU held its second annual national meeting in Chicago, Illinois. Approximately 40 individuals from throughout the United States and Canada gathered for this meeting. (C)

One of the principal topics of discussion was the topic of the national headquarters location. One group desired to move that location from WDC to the West Coast, however, it was resolved by retaining the location in WDC. It was the consensus of opinion that the organization could more effectively operate out of WDC where it would have continual access to the administration, to Congressional leaders, and to the diplomatic community. It was also felt that demonstrations on behalf of those causes would be more effective in WDC.

(U) According to WF T-1 the following changes in the organizational make up occurred at the Chicago meeting in August, 1975. (C)

(U) WF T-1 advised that the KCDU has never advocated the use of violence in obtaining those stated goals. The source further advised that the KCDU has opened its doors to any one who is sympathetic to the organization's stated goals; however, every effort is made to discourage anyone who advocates the tactics of violence in achieving those goals. The source emphasized that he is not aware of any one currently affiliated with the KCDU to advocate violence as a policy of the organization or who personally holds those views (C)

Purpose is to obtain approval to have a representative from our Office of Congressional Affairs orally brief on a limited basis Illinois Senator Charles H. Percy in regards to activities of the KCIA in the United States.

By: undated letter (received by Intelligence Division on 8/20/75) Assistant Attorney General [REDACTED] Office of Legislative Affairs, furnished a copy of Senator Percy's letter to the Attorney General dated 7/21/75. [REDACTED] indicated the Bureau should prepare a response to Senator Percy's letter and return to [REDACTED] office for transmittal to the Senator.

In this letter, Senator Percy expressed concern in regards to the press reports of alleged KCIA harassment of Korean residents in the United States, alleged attempts to bribe members of Congress and alleged intervention in our domestic political affairs. The Senator is primarily referring to stories which occurred in the press in August 1973, and a column of Jack Anderson which appeared in the "Washington Post" on July 17, 1975. These articles were primarily based on testimony of a former employee of the Government of the Republic of Korea.

Our investigation in 1973-74 failed to develop any information concerning allegations involving bribery or intervention in our domestic political affairs. Concerning KCIA involvement in harassment of Koreans in the United States, we furnished investigative results to appropriate agencies as developed. We are continuing to follow and investigate where appropriate allegations involving improper activities in the United States involving KCIA or other Korean nationals.

KOREAN CENTRAL INTELLIGENCE AGENCY
ACTIVITIES IN THE UNITED STATES

Reference is made to your recent letter captioned as above in which you requested this Bureau to prepare a response to the letter of Senator Charles H. Percy dated July 21, 1975.

As the Department is aware allegations concerning improper activities on the part of the Korean Central Intelligence Agency (KCIA) have been investigated by this Bureau in the past and continue to be of investigative interest to us.

While investigation conducted in 1973 and 1974 in this matter failed to reveal any information concerning alleged attempts by KCIA to bribe members of Congress or their intervention in our domestic political affairs, results of our investigation into other KCIA activities, including alleged harassment of Korean residents in the United States, were furnished to the Department of State and other appropriate agencies.

This Bureau is currently investigating matters such as the above which fall within our investigative jurisdiction, and investigative results are disseminated to appropriate officials for a determination as to necessary action.

Since the aforementioned reveals this Bureau's investigative interest in the activities of a foreign intelligence service, we contemplate briefing Senator Percy orally concerning the above rather than prepare a written response.

Honorable Edward H. Levi

Washington, D. C. 20530

Dear Ed:

As a member of the Foreign Relations Committee, I am deeply concerned about press reports alleging that the Korean Central Intelligence Agency has harassed Korean residents in the United States, attempted to bribe Members of Congress, and systematically intervened in our domestic political affairs. I refer to Jack Anderson's column in the July 17, 1975 Washington Post (p. E19) and to the more extensive New York Times series on August 17, 19, 20 and 24, 1973. According to the Anderson article, the Korean Association of Chicago is one of many front groups through which the KCIA operates in this country.

I urge you to give high priority to the Justice Department investigation of these alleged activities, which I understand has begun. I am concerned, as I know you are, about the possible violation of our laws. I am also troubled because such activities would obviously tend to undermine public support in the United States for our Mutual Defense Treaty with the Republic of Korea, an agreement that has helped to keep the peace in Northeast Asia for the past 22 years.

It is obviously in the common interest of the United States and ROK governments that KCIA activities in this country be strictly confined to liaison in Washington with U.S. officials working on Korean affairs and that all KCIA officials not required to perform this limited function be sent home. I would hope that the ROK would do this voluntarily. Thus, I am also writing to Secretary Kissinger urging him, in the interest of sound U.S.-ROK relations, to express these

On 12/9/75, [REDACTED] telephonically contacted Inspector [REDACTED] Intelligence Division, to inquire as to where he could get information regarding foreign propaganda activities. He was advised that regulations regarding propaganda material are handled by U. S. Bureau of Customs and that the Foreign Agents Registration Section of the Department of Justice handles the registration of individuals who may be engaged in such activities.

[REDACTED] then made the reference to a letter dated 6/12/75 that had been submitted to the Bureau from the Honorable Donald M. Fraser, House of Representatives, which letter requested information regarding the activities of the Korean Central Intelligence Agency (KCIA) within the U. S.

[REDACTED] advised that he desired to discuss Korean activities in the U. S. with the Bureau personnel responsible for the handling of such activities. He was advised that he should direct such a request in writing to the Director.

In regard to the 6/12/75 letter referred to by [REDACTED] it is noted that he is incorrect and that the letter of this date was actually directed to the Department of Justice and not the FBI. Congressman Fraser subsequently directed a letter to the Bureau similar to the 6/12/75 letter on 8/25/75. Since Congressman Fraser's inquiries involved the activities of a foreign intelligence service, approval was subsequently obtained to orally brief Congressman Fraser rather than reply by letter. On 10/16/75, [REDACTED] was orally briefed in general terms in the absence of Congressman Fraser. [REDACTED] is [REDACTED] for the House Committee on International Relations, of which Fraser RME:ddc ddc is a member.

Memorandum to Mr. J. B. Adams
Re: Request of [redacted]
[redacted] House Committee
on International Relations

On 10/28/75, [redacted] telephonically contacted a representative of the Office of Congressional Affairs and requested to know if two Korean officials had been identified as KCIA members. [redacted] was advised at this time that a response by the Bureau would be inappropriate since it would have a direct bearing on sensitive diplomatic relations existing between the Government of Korea and the United States. [redacted] agreed with this and indicated he would contact the Department of State.

By letter dated 10/28/75, Congressman Donald Fraser directed a letter to the Bureau requesting information as previously telephonically requested by [redacted] on 10/28/75 concerning identities of KCIA members in the United States. By letter dated 11/12/75, we referred Congressman Fraser to the Department of State for any reply.

In addition, we have also orally briefed Senator Charles Percy on 9/25/75 in general terms only concerning South Korean activities in the United States following approval received by memorandum dated 9/10/75. Senator Percy had directed a letter to the Department in July, 1975, which was referred to the Bureau in late August, 1975.

It is noted that on 11/24/75, [redacted] had contacted FBIHQ and requested a briefing by FBIHQ involving Korean matters. He was informed that such a request should be submitted by letter [redacted] Subsequently, however [redacted] met with a Washington Field Office (WFO) representative following coordination of this meeting by Inspector David W. Bowers, Legal Counsel Division. [redacted] had indicated he had information of value in Korean matters and desired contact with a knowledgeable WFO representative.

During this meeting, [redacted] indicated [redacted] Senator James Eastland, was not aware of [redacted] investigation. He indicated some knowledge of Korean activities in the Washington, D. C., area. He also furnished information which he

On January 8, 1976 [REDACTED]

[REDACTED] made available the following
information:

"The Dong-A Ilbo" is published daily in Seoul, Korea. The paper is forwarded to this office on a daily basis. The advertisements are replaced with local, Los Angeles, advertisements, local news stories are added, and this revised paper is distributed in the Los Angeles area on a daily basis. This bureau and the parent newspaper in Seoul, Korea, have a reputation of being opposed to Park Chung-hee, President of South Korea. On December 25, 1974, the South Korean Government ordered all private firms to stop placing advertisements in the Korean edition of this newspaper. The purpose for this ban was to force the newspaper to change its attitude toward President Park. Eventually, as a result of the financial loss, the newspaper had to knuckle under. During the period of the ban, a total of \$8,000 was donated by Los Angeles residents to help make up for the loss of advertising. The ban did not apply to the Los Angeles Bureau and they did not suffer any loss of advertising. There was some indication that Korean Airline (KAL) was concerned about their advertisement appearing in the Los Angeles paper during the period of the ban, but they did not cancel their advertisement.

KCIA Gets on Tunney's Campaign Trail

By Yung - Gill Kook

New Korea Editorial Writer

A fund-raising dinner for U.S. Senator John V. Tunney may create unnecessarily an adverse effect -- due to the highly sensitive Korean CIA involvement. If the fund-raising dinner sponsored by "Friends of U.S. Senator John V. Tunney" be carried out under the present framework (on Friday, September 12th, at the Ambassador Hotel Venetian Room, Los Angeles, California), the ominous impact will be so great that its effect could mire the highly sanguine election prospect of the Senator whom Korean-Americans highly respect and support. Such consequence will be most unfortunate for Senator Tunney--as an innocent victim of circumstance.

Now, the entire matter is up to Senator Tunney to decide between a discreet course of action and disregarding the strong sentiment of citizens for the restoration of democratic process and human rights in Korea.

The plan for the fund-raising dinner had apparently been in preparation for some time, but the information surfaced only last week out of guarded secrecy as if an element of conspiracy involved. When the initial revelation came to light, it was from a person whom we knew well. But for the obvious reason that any Korean resident in the United States is painfully aware of, the person requested to remain anonymous.

According to the person, Korean CIA agent offered \$100.00 in order for him to participate in the Tunney fund-raising. He also intimated us that few other persons were similarly offered likewise. The person further disclosed that some 50 Koreans were to be a nucleus of this particular fund-raising by the resident Korean CIA instigation. The promoter of the Tunney fund-raising campaign. He, how-

ever, admitted that he solicited KCIA personnel assistance because the KCIA personnel knew many Koreans in his circle members of golf club. How many persons listed as "Friends of U.S. Sen. Tunney" are out of this golf circle are not yet ascertained nor conformed.

The "Friends" list is filled with nearly 90 percent of names recognizable by the writer. Their names are noted for the loyalist attitude towards the repressive Park regime. Ironically, in the list is a U.S. Republican Committee member, Miss Sonia Suk can be seen. She had only few months ago arranged an evening of dinner for Robert Finch.

Motive behind the KCIA involvement is seen as dubious--in view of notorious Park Tong Sun Georgetown scandal; "Giseng" politics for the U.S. Congressmen in Korea, infamous "private trust fund" report, and disclosed aims of Park regime to buy-off U.S. Congressmen, etc, make Korean-Americans for the restoration of democracy and human rights to guard against Park regime's illicit influence in the United States.

Out of our sincere wish that Sen. Tunney whose election prospect is bright would not be mired in inauspicious and damaging circumstance in a KCIA instigated fund-raising as foreign agents, we beseech that Sen. Tunney conducts himself with discreet circumspection to the problem and avoids the forthcoming fund-raising party.

Koreans residing in the United States have been witnessing menacing threats and pervasive intimidation. To them, this could be another stunning revelation. On the other hand, no news surprises any Korean insofar as conspiracy and clandestine activities of KCIA operation

in the United States are concerned.

Fund-raising in political campaign is a legitimate and lawful practice in the United States. Koreans have in the past had privilege of raising funds for various candidates.

This particular one has, however, become already odious due to the KCIA intervention. Within a few days since the first specter of the news, it has been learned that Korean Consulate General Young Park and the resident KCIA personnel requested many Koreans to participate in the event. It may sound silly and ridiculous for the Americans, but the fact of the matter is that great number of Koreans residing in the United States either as permanent residents or as U.S. citizens cannot dare to disobey Korean Consulate General's requests, let alone KCIA hint--without anticipating potential retaliation.

According to the cooperating testimonies, the forthcoming project was believed to have come out of KCIA, for KCIA and KCIA man alone requested these people to participate in the proposed fund-raising, and no mention of any specific individual name has ever been mentioned to them.

타니의

하루前통고 취소이유 서로 안맞아

“總領事館이 介入했다”는 疑惑도

캘리포니아출신 존 타니연방상원(민주당)의 선거운동자금 모으기 위한 한인교포들의 디너파티가 예정하루전인 11일, 타니의원측의 통고로 갑자기 취소되어 물과 빛고 있다. "타니의원 친구들"이라는 교포들의 모임이 지난 3월부터 계획한 12일저녁 7시의 엠베서더호텔 파티는 타니의원측의 일방적인 하루전 통고로 갑자기 취소된 것이다.

“싯발리해서 나라방신”

한쌍에 1百弗짜리

이날 파티에는 양희직 회장, 소니아 식여사등과 교포 인사 50여커피들이 1인당 50분의 저녁을 사도록 되어있었으며 박영총영사도 참석 예정이었다.

“호텔측서 안된다”고

타니의원측의 선거운동사무실 재무담당관 Ward Wardsman 씨는 취소이유를 파티를 너무 갑자기 서둘렀기 때문에 엠베서더호텔측에서 준비부족으로도저히 이런 파티를 개최할수 없다고 11일에 통고했기 때문이라고 밝혔다.

그러나 엠베서더호텔의 세일즈사무실은 호텔은 이미 준비를 해놓았으며 취소 통고받은 것은 오히려 타니의원측이라고 자랑 말하고 더이상할말이 없다고 밝혔다.

첫準備는 이천웅씨가

이 파티를 처음부터 주관한 이천웅씨(보통업, 나성시 커미셔너)는 또 다른 말을하고 있는데 타니의원이 12일밤 미군의 마약심판사건조사위원회위원장으로서 워싱턴의 조사위원회에 갑자기 출석할 일이 있어 취소하는 것이라고 타니의원측에서 알려왔다는 것이다.

國際法上 큰위배

한편 12일 아침 한미정치협회의 김창준회장은 미주동시에 전화를 걸어 이날 저녁의 파티에는 한국의 나성 총영사관이 배후보좌를 했으며 타니의원측의 취소는 이때문인 것이라고 주장하면서 파티 하루전에 취소당했다는 것은 절대

도 있을 수 없는 수치이며 영사관에서 싯발리해서 나라방신 국정부를 망신시킨 것이라고 말했다.

김회장은 외국과 영사관이 미국의 선거운동에 직접, 간접으로 간여하는 것은 국제법상 어긋나는 일이며 정치의 ABC도 모르는 일이라고 비난했다. 그는 총영사관측에서 공무로 보는 시간에 교포들에게 전화로 이런 파티에 와달라고 한 사실이라고 말하면서 유감을 표시했다.

타니의원선거사무실의 워드먼씨도 취소이유를 호텔측에 돌리면서도 한인교포들 비롯 한 많은 소식통으로도 부머 이 파티와 배후에 한국 중앙정보부가 개입되어 있다는 제보를 받아 자체 조사중이지만 아직 아무런 단서를 잡지는 못했다고 밝혔다.

“영사관서 전화받았다”

이천웅씨는 그가 영사관과 김우식영사에게 개인적으로도 스캔들레스추재 한국상자대표들을 비롯한 초청대상 인사들의 명단을 부탁한 일은 있다고 밝혔다. 그러나 영사관이나 정보부가 개입되었다는 소문은 완강히 부인했다. 이씨는 영사관측에게 그정도의 협조는 요구할 수 있는 일이 아니겠느냐고 반문하고 오는 12월로 예정된 동 브라들리시장을 위한 파티에도 똑같은 협조를 영사관측에게 요청할 예정이라고 소신을 피력했다.

총영사관과 김영사는 이씨의 명단부탁사실을 시인하면서 그자신이 참석대상 인사들에게 전화를 참석을 종용했다는 일부주장은 사실이 아니라

고 완강히 부인했다. 박영총영사는 이날 아침 9시15분 현재 신병으로 출근치 않아 논평을 할지 못했다.

이날 밤 파티에 자외반 타의반으로 참석하는 일부 인사들은 김창준씨의 주장대로 영사관과 전화를 받은 사실은 확인했다.

그런데 타니의원측은 11일 오전 9시45분께 총영사관으로 전화를 걸어 파티와 취소통고였는데 이는 파티에 참석키도 되어 있던 박영총영사에 대한 예외때문에 취한 일이라고 워드먼씨는 밝혔다.

“주소, 성명은 내주었다”

일부 초청된 인사들과 교포들은 이러한 갑작스런 취소는 예외에 어긋나는 것이며 취소하는 이번에는 반드시 발표된 것 이상의 특별한 사정이있을 것이라면서 총영사관의 개입여부에 불구하고 미국서 가장 인구가 많은 캘리포니아 주와 상의원 초청파티가 준비하는 즉와 소홀때문에 취소된 것은 어학은 한국인들의 수치라고 입을 모았다.

*Threatened by S. Korea, Editor Says

Park Regime Denies Retaliating Against L.A. Man

The editor and publisher of a Korean language newspaper in Los Angeles says his editorial criticism of the Park Chung Hee regime has made his weekly the object of "subtle but brutal retaliation" by South Korean agents and consular officials.

Kim Woon-Ha claimed he had been threatened personally and his small paper, The New Korea, had lost about \$10,000 in revenue in the last six months because of "pressures" on advertisers from consular sources.

South Korean Consul Gen. Park Young Friday denied the charges as "vicious" and untrue.

At a press conference at his paper's offices, Kim and other spokesmen insisted strong-arm tactics have been used on other members of the large Korean community here to "muffle all criticism" of the South Korean government.

"There have been scattered incidents of people battered or beaten in a bar," said Sang Dal Cha, chairman of a group called the Southern California Citizens Congress to Restore Democracy in Korea. "And

these people who use violence know they are protected by the consulate."

Kim charged that operatives of the Korean Central Intelligence Agency "have brought pressures" on his advertisers, including Korean Air Lines which he said contracted last July to run 26 weeks of airline advertising in his paper and broke the contract a few weeks later.

Kim said the same tactics were used by the South Korean government "in silencing the last bastion of the free press there... the Dong-A Ilbo which has a Los Angeles edition.

An advertising executive at KAL,

however, denied any pressures on the airline from consular officials.

"We are not governed by the government" he said. "This is a private, profit-making business and the consul office can't tell us what to do." He said KAL, on reevaluation of advertising effectiveness, decided there was "not much value" in the weekly paper and canceled the ads.

The consul general vehemently denied that any pressures were being channeled through his offices to stifle criticism. "We didn't come here to exert pressure or so forth," he said.

Cancellation of the Dinner Party for Senator Tunney
Created Controversies

- Cancellation Was Made Just One Day Before the Dinner Party
- Reasons for the Cancellation of the Party Varied
- There Were Suspicions That "the Korean Consulate General in Los Angeles Was Involved in the Preparation of the Dinner Party for Senator Tunney"

Editor's Note

The fund-raising dinner party for U.S. Senator John V. Tunney (Democrat), sponsored by Korean residents, was suddenly cancelled on 9/11/75 just one day before the dinner party. The dinner party cancellation, made by Senator Tunney, has created a great deal of controversy.

The plan for the fund-raising dinner party, sponsored by the so-called "Friends of U.S. Senator John V. Tunney," had been in preparation since last March. One day prior to the dinner party to be held on 9/12/75 in the Ambassador Hotel's Venetian

Room in Los Angeles, California, it was suddenly cancelled unilaterally by Senator Tunney.

Unsavory Plan Hurt Prestige of the
Nation (South Korea)

- \$100.00-per-Couple Dinner Party Was Planned -

*

YANG Hoi-jik (ph.), President of the Korean Association of Los Angeles (?), Miss Sonia Suk, and 50 other prominent Korean couples were scheduled to attend the dinner party, having paid \$50 per person. PARK Young, Korean Consul General in Los Angeles, also was to attend the dinner party.

"Hotel Cancelled the Dinner Party"

Ward Wardsman, who is in charge of finances for Senator Tunney's election campaign office, has revealed that the Ambassador Hotel cancelled the dinner party on account of the lack of preparation for it. He further said that on 9/11/75 the hotel notified Senator Tunney's election campaign office that the sponsor of the affair made such undue haste in preparing for the dinner party that the hotel had no choice but to cancel it.

The Ambassador Hotel's sales office said that the preparation for the dinner party was already completed. It was Senator Tunney's election campaign office that cancelled it. The hotel further said that it had nothing to add to the statement made by the hotel.

"First Preparation Was Arranged by
LEE Chun-yong (ph.)"

LEE Chun-yong, an insurance man and a Los Angeles City Commissioner, who had arranged the dinner party from the beginning, offered a different version of the dinner party cancellation.

He said that Senator Tunney's election campaign office notified him that Senator Tunney had to go to Washington, D.C., suddenly in order to attend (on 9/12/75) the Senate Committee to Investigate the U.S. Army's Experiments with Drugs of which Senator Tunney was the Chairman.

"Grave Violation of International Law"

KIM Chang-jun (ph.), President of the Korea-U.S. Political Association, called on the Dong-A Ilbo office in Los Angeles on the morning of the 12th of September and said that the Korean Consul General in Los Angeles had played an active role behind the scenes in preparation for the 9/12 dinner party.

He further said that Senator Tunney's election campaign office had cancelled the dinner party because of the Korean Consul General's involvement in its preparation.

It was a grave and unrectifiable disgrace for the Korean Government because of the unsavory activities of the Korean Consul General's office in Los Angeles.

President KIM said that it was a violation of international law that a foreign consulate had directly or indirectly been involved in a U.S. election campaign. He criticized the Korean Consulate in Los Angeles because it did not even/the ABC's of politics.

know.

He continued to say that it was a regrettable thing that the Korean Consul General in Los Angeles had made telephone calls during office hours to solicit Korean residents to attend the dinner party.

Ward Wardsman, saying that the cancellation was made by the hotel, announced that Senator Tunney's election campaign office has been conducting an investigation on whether or not the Korean CIA was involved in the preparation of the dinner party.

Mr. Wardsman further commented that so far, there was no single piece of evidence to prove such an allegation. Senator Tunney's election campaign office has received information from Korean residents and other various sources that the Korean CIA was involved in the party's preparation.

"Received Telephone Calls from the Korean Consulate General"

LEE Chun-yong admitted that he, in an individual capacity, had asked the Korean Consulate to give him a list of the Korean residents who might be interested in attending the dinner party, including the names of representatives of Korean business firms in the Los Angeles area.

LEE Chun-yong, however, strongly denied the fact that either the Korean CIA or the Korean Consulate in Los Angeles, was involved in the preparations for the dinner party.

He retorted that any Korean resident could make a request to the Korean Consulate for a list of Korean residents in the Los Angeles area.

He revealed his new plan for a party for Los Angeles City Mayor Tom Bradley (ph.) in December 1975. He said that, at that time, he would ask the Korean Consulate for the same kind of information.

Mr. KIM, an official with the Korean Consulate in Los Angeles, confirming LEE Chun-yong's request for the list of the Korean residents, strongly denied the accusation that he had made telephone solicitations to Korean residents to attend the dinner party.

As of 9:15 AM today, we were not able to obtain any comment from Consul General PARK Young due to his ill health.

Certain Korean residents, scheduled to attend the dinner party of their own will because of the Korean Consul General's solicitation, confirmed the report that they had received telephone calls from him.

On 9/11/75 at 9:45 AM, Senator Tunney's election campaign office notified the Korean Consul General of the cancellation of the dinner party. Mr. Wardsman said that the telephone call was a courtesy call to Consul General PARK Young.

The Korean residents who were scheduled to attend the dinner party and other Koreans said that the sudden cancellation of the dinner party was very rude. They further commented that there must be some specific reason for the cancellation beyond the published reason.

The Korean residents said with one voice that whether or not the Korean Consul General was involved in the party's preparation, the dinner party for the Senator from the State of California, the most populous state in the United States, was cancelled on account of the lack of preparation. It was a grave dishonor to the Korean residents and Korea.

Petition for Dismissal of Mr. LEE, Chief of
the Los Angeles Korean Cultural and Information
Office, Delivered

- Mr. PAI, President of the Korean TV station, sent a Petition to the Blue House, the Official Residence of the President of South Korea -

On October 5, 1975, Mr. PAI Ham-duk (ph.), President of the Korean TV station, issued a statement saying that he had requested the Korean Government to dismiss LEE Sang-chul (ph.), the Korean Cultural and Information Officer with the Korean Consulate in Los Angeles.

This station, channel 22, broadcasts Korean programs throughout the Los Angeles area for three (3) hours a week (Sunday - two (2) hours; Friday - one (1) hour).

A statement was issued through LEE Soon-sang (ph.), an announcer for the Korean TV station. The TV broadcast of the statement was made on the regular 4 o'clock Korean news hour and took nine (9) minutes to deliver.

The accusation said that Mr. LEE, the Korean Government Cultural and Information Officer, abusing his official power, has not distributed the films which were sent from Seoul, Korea, including the Korean news and that he interfered in every aspect of the management of the Korean TV station's production.

The Korean TV announcement went on to say that it would fight until Mr. LEE is fired. The Korean TV station has enumerated more than 10 acts of misconduct committed by Mr. LEE and expressed its firm determination that Korean TV can overcome any obstacle.

LEE Sung-chul, the Korean Government Cultural and Information Officer, referring to President PAI's request for his dismissal, said: "I have no comment to make."

MOUNTING AGGRAVATION TOWARDS OPPRESSION OF THE
PRESS BY INVISIBLE FACES

Suppression of the Advertisers and the Paper's
Expansion Activities in "The New Korea," Which Has
Been Advocating Restoration of Democracy

- Directors of "The New Korea" Pressured by
Korean Consul General and Consuls Who Are
in Charge of Intelligence -

Devil hands of the dictator who has been oppressing freedom of the press find no national boundaries.

The Dong-A Ilbo, advocating the protection of freedom of the press from last winter to this spring, has been suffering from pressures by the Korean Government. Such suppression, crossing the Pacific Ocean, has been directed towards "The New Korea."

"The New Korea" began to publish the reformation issue beginning September 5, 1975, raising the banner of the spreading of freedom and democracy and trying hard to restore democracy in Korea.

The Korean dictatorial regime has tried various sinister schemes - appeasement, bribery and threats - in order to change the paper's tenor. Seeing that such maneuvers were ineffective, the Korean Government, through the Korean Consulate and other organizations, has begun to craftily oppress "The New Korea."

So far, the Korean Government's oppression of "The New Korea" has been very cunning and treacherous. It is very hard to note evidence of the oppression. However, at present, an obvious method of oppression is being applied to the advertisers in the paper. The purpose of the oppression of the advertisers is to cut off income so that "The New Korea" will not be able to publish..

A representative case of this oppression was the recent cancellation of advertisement in "The New Korea" by the Los Angeles office of the Korean Airlines. Korean Airlines made an agreement with "The New Korea" to pay \$1,430.00 for 26 advertisements in the paper, including an announcement of the Seoul-Los Angeles roundtrip flight.

One day a man in charge of advertising, from Korean Airlines, visited "The New Korea" office and gave notification that Korean Airlines Headquarters in Seoul, Korea, had instructed the Los Angeles office to stop advertisement in "The New Korea." He begged "The New Korea" to understand the circumstances that the Los Angeles office was faced with.

The Los Angeles office of Korean Airlines, acknowledging the separation of business from politics, requested the Seoul main office for advertising in "The New Korea" which had been very popular among the Korean residents. The request was granted.

Korean Airlines said: "It is very difficult for us to explain the reason why we cancelled the advertisement in "The New Korea. We are very sorry for not giving an explanation for the cancellation. Everyone knows the reason for the cancellation of the advertisement."

Miss Sonia Suk, who made a one-year contract to advertise her real estate business in "The New Korea," said: "I have been molested by the people. I was warned not to advertise in 'The New Korea.'

"Please leave me alone so that I may be able to continue my business." She cancelled her advertisement contract with "The New Korea."

Besides Korean Airlines and Miss Sonia Suk, the cancellations of advertisements in "The New Korea" have been on the increase.

Our book-sale business, which was undertaken in order to make up for the decrease in advertising income, has also been depressed.

"The New Korea" was selling the "Collection of the Speeches Delivered by KIM Dae-jung*" and "KIM Chi-ha's Long Poems**" through Korean grocery stores in the Los Angeles area.

A salesman with a Korean grocery store said that he had received a telephone call from the Korean Consulate, so it was very hard for the store to sell the books openly.

A Korean meat store was told, via a telephone call from the Korean Consulate, that the store should not sell the books. The meat store has returned them.

"The New Korea's" civic activities were also oppressed by the Korean Consulate which instructed the sponsor of the Korean Festival that "The New Korea" should not conduct the Beauty Contest of the Little Princess, one of the activities of the Korean Festival. "The New Korea" conducted the Beauty Contest two (2) times in the past.

Consul General PARK Young and several consuls in charge of intelligence, as the nucleus of the oppressive activities, put pressure on Korean residents who have business connections with Korea and support "The New Korea."

Consul General PARK Young, through members of the Executive Committee to Help "The New Korea" (organized to support the paper) who have some relations with the Korean Government, has been putting pressure on KIM Woon-ha, the publisher of "The New Korea," to change the tenor of the paper and to support the PARK Chung-hee Government.

KIM Se-myun (ph.), representative of the Siju (ph.) Trading Company, and Dr. KIM Hyung-il, a professor at

California State College, Long Beach Campus, were advised by Consul General PARK Young to appease KIM Woon-ha. The above-mentioned two persons were told to relinquish financial support for "The New Korea" and resign from their posts as Directors of "The New Korea."

The Executive Committee to Help "The New Korea" has been hampered in its activities to support the paper by the Korean Consul General's application of pressure and maneuverings of split tactics.

Newspaper columnists and members of the Editorial Department, who joined "The New Korea" when the first reformation issue was published, have been unable to write articles freely. Some who were bribed have been interrupting the regular conducting of business.

Consul General PARK Young has been maneuvering to isolate KIM Woon-ha, publisher and editor of "The New Korea," from Korean residents by saying that KIM Woon-ha was a communist who has been enjoying a good reputation among the democratic-minded and conscientious Korean residents.

According to information furnished by Rev. KWON Hoi-sang (ph.) and other noted Korean residents, Consul General PARK Young and his men openly told the pro-PARK Chung-hee Government people that KIM Woon-ha was a communist, using the word "red fellow" blatantly. However, when they referred to KIM Woon-ha in the general public of Korean society, KIM Woon-ha was described as a "rebellious element."

The rebuttals to the negotiation meetings, as proposed by Consul General PARK Young several times in the past, by KIM Woon-ha, publisher and editor of "The New Korea" have caused the oppression of the paper.

KIM Woon-ha has rejected the Korean Government's invitation to visit Korea and offer of a roundtrip airplane ticket. He has also rejected the negotiation meetings proposed by LEE Sung-chul, the Korean Government Cultural and Information Officer, and Consul General PARK Young.

A certain KIM, an elder at a Korean protestant church, who rendered great services to the Korean Government by turning many Korean Christians, scholars and student associations into the camp of the pro-PARK Chung-hee Government, called on KIM Woon-ha one day and proposed a negotiation meeting with Consul General PARK Young.

He warned that unless KIM Woon-ha listened to his advice, a wholesale attack against KIM Woon-ha would be launched, including a tactic to isolate KIM Woon-ha from the Korean residents.

Soon after the visit by KIM, a full-scale smear campaign against KIM Woon-ha was started, including the cancellation of advertisements in "The New Korea."

The oppression campaign against "The New Korea" was so subtle and cunning that not a single bit of evidence of the oppression has surfaced. Furthermore, the persons who furnished the information in the past were afraid of becoming witnesses.

Commenting on the Korean Government's oppression of "The New Korea," KIM Woon-ha said: "We should make headway steadfastly in order to liberate our fatherland and the Korean people from the shackles of dictatorship, to materialize God's justice and to enjoy freedom and truth.

"I take this opportunity," he continued to say, "to express my gratitude to the advertisers, readers of 'The New Korea' and the Korean residents who have been supporting the paper in the face of insurmountable oppression.

"The Korean residents should solidify themselves and support 'The New Korea,' while the Korean newspapers at home have been oppressed and gagged, to show to the world that Koreans are wonderful people and cherish freedom, democracy and justice, in spite of the oppression of the press."

KIM Woon-ha, publisher and editor of "The New Korea," urged the Korean Government to immediately stop such illegal measures against "The New Korea."

He has also revealed a plan for a large-scale campaign to rectify the unreasonableness by appealing to the White House, the State Department and the Justice Department.

He has also appealed to patriotic Korean residents, who love their fatherland and the Korean brethren, to support "The New Korea" so that the paper will be able to continue publication.

Dear Mr. Kelley:

In connection with human rights problems in South Korea, the Subcommittee on International Organizations in June 1975 began looking into possible illegal activities of the Korean Central Intelligence Agency (KCIA) in the United States, and on June 12 and August 25 I requested assistance from the Attorney General and yourself regarding charges raised in testimony received before my subcommittee.

It has come to my attention that in 1973 an FBI report on KCIA activities was prepared. Because of the subcommittee's interest and established line of inquiry, I request that the FBI make available a copy of that report, or access to the report, for the subcommittee staff. Included in this request is access to other reports on this subject.

I hope this request will meet with your approval. Please have your staff contact _____ of the subcommittee staff regarding any questions or necessary arrangements.

Attached is a request dated 12/17/75 from captioned Committee requesting access or delivery of FBI reports on the Korean Central Intelligence Agency. This is a request for Bureau investigative reports by a standing Committee of Congress. In the past we have not furnished such reports to standing Committees of Congress and it would not be appropriate in this instance. The Intelligence Division has advised that while there are no reports concerning this matter as described in the attached letter there are letterhead memoranda. It is believed rather than set a precedent by granting access to existing Bureau documents, we should prepare a summary of the information pertinent to the Committee's request and grant the Committee access to that document, not delivery. House Rule 11 would allow other Congressmen to have access if the material were delivered to the Committee.

The Intelligence Division should prepare the appropriate response to the aforementioned request in the form of a letterhead memorandum transmitted by cover letter to the Assistant Attorney General, Office of Legislative Affairs. The Department should be furnished a copy of the aforementioned request for their records.

The response should be written in a fashion so as not to disclose informants, sensitive on-going investigations, third agency information and/or sensitive methods.

RECOMMENDATION:

That the Intelligence Division prepare the necessary response in line with the above to be hand-delivered by the Office of Congressional Affairs to the Department.

In August, 1973, it was determined that an Associated Press (AP) article appeared in the June 10, 1973, issue of the St. Louis Post Dispatch entitled "U. S. Checking Report on Korean Agents." The article said that the United States is attempting to verify that agents of the KCIA interfered with at least two meetings of Koreans in this country, one of which was in St. Louis. The St. Louis incident was described as occurring in April, 1973, when members of the Association of Korean Christians met at Concordia Seminary of the Missouri Synod Lutheran Church. The meeting was to discuss, among other things, the arrest by the Korean CIA of a Korean Presbyterian pastor in Seoul, Korea. (u)

Kim Dae Jung, a former Korean opposition presidential candidate, was scheduled to address the group. At one point during the meeting, the [redacted] was called [redacted] to receive a phone call. The call was an agent of the Korean CIA, and the call was interpreted as an effort to intimidate them. The other incident occurred in San Francisco when hecklers attempted to disrupt a meeting at which Jung spoke. When officers seized a heckler, a Korean diplomat intervened. (u)

On October 16, 1975, [redacted] in the absence of Congressman Fraser, was orally briefed in general terms concerning our previous investigation of allegations involving KCIA harassment.

Subsequently, this Bureau received a letter from Congressman Fraser dated October 28, 1975, in which he inquired as to whether two Korean diplomats had been affiliated with the KCIA in Washington, D. C. Since this information could have a bearing on sensitive diplomatic relations between the governments of Korea and the United States, he was referred to the U. S. This Bureau is continuing to investigate allegations of harassment of Korean residents in the United States by KCIA.

Re: [REDACTED]

House Subcommittee on International

Congressman Fraser by letter dated 8/25/75 requested the FBI to investigate charges raised by [REDACTED]. On 10/16/75, [REDACTED] was orally briefed in the absence of Congressman Fraser in general terms concerning our previous investigation of allegations involving KCIA harassment. It is noted the oral briefing was felt necessary since this is a highly sensitive area involving investigative interest in the activities of a friendly foreign intelligence service.

Subsequently, a letter was received from Congressman Fraser dated 10/28/75 in which he inquired as to whether several diplomatic personnel assigned to the Korean Embassy, Washington, D. C., were affiliated with KCIA. Since this information could have a bearing on sensitive diplomatic relations existing between the governments of Korea and the United States, he was referred to the U. S. Department of State for an appropriate reply.

We are continuing to investigate allegations of harassment of Korean residents in the U. S. by KCIA. To date it has been determined that a majority of the allegations have been based on information appearing in Korean newspapers which are opposed to the present South Korean government.

The KCIA does not have sufficient funds to finance all of its activities. He has heard that they collect funds from local businesses. During December 1975, the KASC elected new officers. One candidate for President of the KASC was considered to be pro-government. A second candidate was anti-government. MARIAN A. CZARNECKI
CHIEF OF STAFF

Clarence M. Kelley, Director
Federal Bureau of Investigation
Washington, D.C. 20535

Dear Mr. Kelley: *Republic of Korea Intelligence Activities*

The Subcommittee on International Organizations is looking into possible illegal activities of the Korean Central Intelligence Agency (KCIA), in preparation for hearings on that subject in the near future. Information received by the subcommittee indicates that the KCIA may be engaged in a massive effort to control the activities of Korean-Americans and Koreans residing in the United States. Pursuant to this investigation, [redacted] of the subcommittee staff, will be traveling to Los Angeles during the week of February 2 to conduct interviews, receive sworn statements, and examine records with regard to allegations of illegal or improper KCIA or Korean Consulate activities.

It would be most helpful to the subcommittee's inquiry if [redacted] (who has received clearance for Top Secret information) could meet with FBI agents in the Los Angeles area who have been monitoring KCIA activities and receive a briefing on this problem. On behalf of the subcommittee, I request that you authorize FBI officials in Los Angeles to discuss this issue with [redacted] on Thursday, February 5, or Friday, February 6.

I hope this request will meet with your approval and that the necessary steps will be taken to facilitate cooperation.

With best wishes, I am

Sincerely yours,

Donald M. Fraser

Reference memorandum from Legal Counsel to
Mr. J. B. Adams, dated 1/27/76, captioned as above.

Referenced memorandum indicated that [REDACTED]
staff member of captioned Subcommittee, had contacted a
representative of Congressional Liaison and requested he be
briefed by personnel of our Los Angeles Office concerning
KCIA activities in that area. Legal Counsel indicated it
would be inappropriate to have a field briefing and that such
briefing should be held at FBIHQ.

Following receipt of a written request from
Chairman Donald M. Fraser dated 1/26/76, of captioned
Subcommittee, arrangements were made to brief [REDACTED] on 2/2/76.

On 2/2/76, [REDACTED] was briefed in general terms
concerning our past investigation of KCIA by SAs Richard T.
Taylor, Jr., of Congressional Liaison and Vinicio H. Nasca
and [REDACTED] of the Intelligence Division.

[REDACTED] was furnished some details of our past
investigation concerning allegations of KCIA harassment of
Korean residents in the U. S., and it was indicated to him
that we continue to have an ongoing investigation in this
matter.

FEB 19 1976

During the conference [REDACTED] again brought up
the possibility of contacting our Los Angeles Agents familiar
with Korean investigation. It was stressed to [REDACTED] that it
would be inappropriate for the briefing to be conducted in
the field and that briefings in this sensitive area involving
possible diplomatic relations would necessarily have to be
conducted at FBIHQ [REDACTED] indicated he understood.

Harassment by Korean CIA Alleged

By Jay Mathews

Washington Post Staff Writer

South Korean intelligence agents are waging a campaign of harassment against Koreans living in the United States who oppose the Seoul government, a House subcommittee was told yesterday.

Korean Central Intelligence Agency (KCIA) agents have disrupted demonstrations in U.S. cities, brought pressure to close an anti-Seoul government newspaper in Los Angeles and ignored warnings from the State Department about their activities, according to testimony by an American university professor, a former State Department officer and a Korean-language newspaper editor.

Questioned by a reporter, a spokesman for the South Korean embassy attending the hearing before the International Organizations subcommittee of the House Committee on International

Relations said he did not believe the allegations.

He said he had no knowledge of any KCIA harassment activities in the United States.

Kim Hyung Il, president of a Korean residents association in Los Angeles, told the subcommittee he knew of no cases of KCIA intimidations in his community.

However, Donald L. Ranard, who retired in 1974 after four years as director of the State Department Office of Korean Affairs, testified he asked the FBI to investigate KCIA agents' activities in 1973 but got few results.

An investigation began but for reasons which I never quite understood, it never really got off the ground," Ranard said. "When it finally petered out several months later it had produced little more than mere confirmation of the basic information I had submitted initially."

"Much... seemed to be made of an explanation that to proceed properly, the FBI would need to talk directly to KCIA personnel at the Korean Embassy which obviously the State Department had no power to direct because of their diplomatic immunity," Ranard said.

But Ranard said he knew, based on U.S. intelligence reports, that the KCIA "has organized demonstrations in support of the [President Park Chung Hee] government, and at other times attempted to break up demonstrations against that government."

He offered to provide more specific testimony in closed session, which a subcommittee staff member said would probably be scheduled soon.

Kim Woon Ha, editor of New Korea, a Korean-language newspaper published in Los Angeles, said the

KCIA tried for months to close his paper or end his criticism of the Park government by pressuring businessmen to cancel advertisements, offering him money, free tickets to Korea or a government job, and spreading rumors he was a Communist.

He said that when two staff members quit he could find no one willing to replace them and now puts out his newspaper with the help of his wife.

A fourth witness before the subcommittee, chaired by Rep. Donald M. Fraser (D-Minn.), was Prof. Gregory Henderson of Case Western Reserve University. Henderson, a Korean expert, called the KCIA "a vast, shadowy world of an estimated 100,000 to 300,000 bureaucrats, intellectuals, agents, and thugs" and said he knew at least 18 agents were stationed in the United States.

MARIAN A. CZARNECKI
CHIEF OF STAFF

Mr. Clarence M. Kelley, Director
Federal Bureau of Investigation
Washington, D.C. 20535

Dear Mr. Kelley:

In connection with human rights problems in South Korea, the Subcommittee on International Organizations in June 1975 began looking into possible illegal activities of the Korean Central Intelligence Agency (KCIA) in the United States, and on June 12 and August 25 I requested assistance from the Attorney General and yourself regarding charges raised in testimony received before my subcommittee.

It has come to my attention that in 1973 an FBI report on KCIA activities was prepared. Because of the subcommittee's interest and established line of inquiry, I request that the FBI make available a copy of that report, or access to the report, for the subcommittee staff. Included in this request is access to other reports on this subject.

I hope this request will meet with your approval. Please have your staff contact _____ of the subcommittee staff regarding any questions or necessary arrangements.

Your prompt consideration of this matter will be greatly appreciated.

REPUBLIC OF KOREA INTELLIGENCE
ACTIVITIES IN THE UNITED STATES
RA - SOUTH KOREA

On May 6, 1976, WF T-1, who has provided reliable information in the past, advised that the Korean Congress for Democracy and Unification (KCDU) is still very active in anti-Park Chung-hee, the President of South Korea, matters in the United States. The KCDU sponsored a demonstration against the Park government on April 18, 1976, at the DuPont Circle, in Washington, D.C. (WDC). WF T-1 advised that the KCDU feels that the Korean Central Intelligence Agency (KCIA) is keeping a close watch on it. (C)
